ABOUT ME

A passionate and detail-focused React Developer with a solid background in JavaScript, and modern frontend technologies. Adept at creating responsive, high-performance web applications using React, along with tools like Redux, Axios, and React Router for efficient state and route handling. Experienced in utilizing UI frameworks such as Material UI and Tailwind CSS to craft intuitive and visually engaging user interfaces. Looking to contribute my skills in a collaborative, fast-paced environment to build impactful, user-centered web solutions.

WORK EXPERIENCE

React JS Developer, AgileTribers

2024-Present

PROJECTS

2024

Ashrea - Certificate Generating Platform

- Developed a React-based platform to automate seminar attendance tracking and certificate issuance.
